AARAV MEHTA

Frontend De

SUMMARY

Frontend developer with 1 year of experience building React interfaces for internal and customer-facing web apps. Comfortable turning Figma designs into working screens. Looking for a role with more ownership of the frontend stack.

EXPERIENCE

Frontend Developer - Brightpixel Studio (Jan 2025 - Present)

- Worked on the analytics dashboard UI
- Built reusable components for the design system
- Fixed many bugs reported by the support team
- Converted Figma designs into responsive React screens
- Made the marketing site load faster
- Added unit tests for a few components

Web Development Intern - Kavi Digital (Jul 2024 - Dec 2024)

- Built landing pages for client campaigns
- Helped migrate a jQuery page to React
- Wrote CSS for mobile layouts
- Participated in daily standups and sprint planning

SKILLS

Languages: JavaScript, TypeScript, HTML, CSS
Frameworks: React, Redux, Next.js, Tailwind, Vite
Testing: Jest, React Testing Library
Tools: Git, GitHub Actions, Figma, Chrome DevTools, npm
Practices: responsive design, code review, Agile/Scrum

EDUCATION

B.Tech Information Technology, Savitribai Phule Pune University, 2023

CERTIFICATIONS

Meta Front-End Developer (Coursera, 2023)
