RAHUL KRISHNAN

Full Stack D

SUMMARY

Full stack developer with 5 years of experience shipping features across the frontend and backend of a B2B SaaS product. Has owned features end to end from API design through to the React screens that consume them.

EXPERIENCE

Full Stack Developer - Zentara Software (Apr 2022 - Present)

- Built the customer onboarding flow end to end
- Designed REST APIs for the billing module
- Improved the dashboard load time
- Containerised the dev environment with Docker
- Set up CI/CD with GitHub Actions so tests run on every PR
- Took part in on-call rotation for the platform team
- Reviewed pull requests and onboarded two new joiners

Software Engineer - Lumenware Technologies (Jul 2020 - Mar 2022)

- Developed internal tools with Node.js and Express
- Wrote PostgreSQL queries and added indexes to slow pages
- Built a notification service backed by Redis
- Migrated file uploads to S3

SKILLS

Languages: JavaScript, TypeScript, Python, SQL, Bash
